Hi! Name is Mert. I just graduated from High School and came to Hacettepe University. I didn't know anything about programming before, now I know something. I passed BBM103 course with A1 and I am proud of that.

I acknowledge that I have fully read and understood the contents of the course website; I will not share my work (not even a part of it) on Piazza; I will be responsible for what has been discussed/asked on Piazza; I will not expect any response for my questions that have already been asked or written in a language other than English. I understand that if I have any questions or concerns about the course mechanics, it is my responsibility to discuss them with the instructors within their office hours.
